Ethnicity and the Risk of Breast Cancer

Bibliography

This bibliography is provided as a service to our readers. It is compiled from the entries in the [BCERF Environmental Risk Factors Bibliographic Database](#).

This bibliography is arranged topically. The topics include:

- [Review Articles and Commentaries](#)
- [Epidemiological Studies](#)

Review Articles and Commentaries

Benderly, B. L. (1997). The Jewish cancer-gene panic. The Jerusalem Report.

Browne, D., and Romilly-Harper, A. P. (2000). Introduction to the workshop. *Cancer (supplement)* 88, 1187-1188.

Anderson, B. O. (2001). Prophylactic surgery to reduce breast cancer risk: a brief literature review. *Breast Journal* 7, 321-330.

Anthropologists, A. A. o. P. (1996). 1996 AAPA statement on biological aspects of race (American Association of Physical Anthropologists).

Burhansstipanov, L. (2000). Urban Native American Health Issues. *Cancer* 88, 1207-1213.

Collins, F. S. (1996). BRCA 1 - lots of mutations, lots of dilemmas. *New England Journal of Medicine* 334, 186-188.

Frank, T. S., and Critchfield, G. C. (2001). Identifying and managing hereditary risk of breast and ovarian cancer. *Clinics in Perinatology* 28, 395-406.

Haynes, M. A., and Smedley, B. D., eds. (1999). *The Unequal Burden of Cancer: An Assessment of NIH Research and Programs for Ethnic Minorities and the Medically Underserved*.

Ijaluola, T. G., and Smith, E. B. (1998). Pattern of breast cancer among White-American, African-American, and nonimmigrant West-African women. *Journal of the National Medical Association* 90, 547-551.

Jones, L., and Chilton, J. (2002). Impact of breast cancer on African-American women: priority areas for research in the next decade. *American Journal of Public Health* 92, 539-542.

Justice, C. o. E. (1999). *Toward Environmental Justice*, National Academy Press).

Kerr, P., and Ashworth, A. (2001). New complexities for BRCA1 and BRCA2. *Current Biology* 11, R668-676.

Kadouri, L., Easton, D. F., Edwards, S., Hubert, A., Kote-Jarai, Z., Glaser, B., Durocher, F., Abeliovich, D., Peretz, T., and Eeles, R. A. (2001). CAG and GGC repeat polymorphisms in the androgen receptor gene and breast cancer susceptibility in BRCA1/2 carriers and non-carriers. *British Journal of Cancer* 85, 36-40.

Kamath, S. K., Murillo, G., Chatterton, R. T., Hussain, E. A., Amin, D., Mortillaro, E., Peterson, C. T., and Alekel, D. L. (1999). Breast cancer risk factors in two distinct ethnic groups: Indian and Pakistani v. American premenopausal women. *Nutrition and Cancer* 35, 16-26.
